

Bay View In-Person Worship Covid Guidelines

Due to the rise in Covid cases, masks will be required for all in-person worship services beginning October 3, 2021.

8am and 10:30am In-Person Worship

- Masks covering nose and mouth are REQUIRED for everyone upon entering the church for the protection of all our members especially children and those with weakened immune systems.
- Those leading the church service (Pastor Jeff and readers) may choose to remove their mask when speaking from the chancel area. Pastor Jeff will wear his mask during the children's sermon and during communion, as would the communion assistants.
- The 8am in-person worship service will continue to be held in conjunction with the Facebook Live service.
- Please sign-in using the attendance pew pads. This is important for contact tracing if the need arises.
- The service will be projected on the screen in the sanctuary; no paper bulletins.
- There will be no nursery attendant at this time.
- These guidelines will also be in place for funerals.
